23rd Annual Tinnitus & Hyperacusis Conference

Published January 12th, 2015

This conference is intended for otologists, audiologists, psychologists, hearing aid specialitsts and nurses who provide clinical management services for patients with tinnitus. The conference will also provide information to patients who have tinnitus, their family and friends, but it will NOT include individual diagnosis and treatment. The purpose of this conference is to provide a review of current evaluation and management strategies for the treatment of tinnitus. Upon completion of the program, the participant will be able to discuss the management of tinnitus and the tinnitus patient.
