The Canadian Academy of Audiology

Get Involved! Become a CAA Board Member!

CAA is looking for 2 strong advocates to become involved in providing leadership to our profession. We are looking for individuals with a strong sense of determination, energy, and enthusiasm to become active in the continued success of our organization.

The Board of Directors is comprised of audiologists with a broad range of skills, specialties, and professional experience from across Canada. To ensure that this broad mix is maintained we are looking for individuals to represent skillsets we will be missing next year due to retirement of some board terms.

While we will consider all applications, this year, preference will be given to Audiologists with strong interest and specialty in the areas below:

- Research and University faculty
- Current clinical practice in cochlear and other implantable devices
- Senior leadership in private clinics
- Geographic priority Quebec and East Coast

For more information and to download a nomination form, please click the link: https://tinyurl.com/nhc85buc.

Deadline for nominations: May 27th, 2026

CAA Fast Fact for Primary Care – Exciting New Releases

The Canadian Academy of Audiology is excited to continue expanding the **CAA Fast Facts for Primary Care program** with **four** newly released Fast Facts now available to members.

These concise, practical documents are designed to help CAA members share key audiology information with Primary Care professionals in everyday clinical practice. Each Fast Fact provides focused, relevant guidance that Primary Care Practitioners can use to support patient care quickly

and effectively.

CAA Fast Facts for Primary Care are available in an easy-to-share format. In addition, customizable versions are also available, allowing clinicians to add their clinic logo and contact information for personalized distribution.
